## **DETAILED ACTION**

### ***Election/Restriction***

Claims 1-26 are generic to a plurality of disclosed patentably distinct species comprising conjugates comprising an aryl radical of formula II, as disclosed in claims 8 and 9, a molecule to be transported as disclosed in claims 3 and 15, and a reactive function as disclosed in claim 12. Applicant is required to elect a single aryl group from the group consisting of aryl groups which contain at least one ring having aromatic character, such as any one of structures F1-F11 in claim 9; a single molecule to be transported from the group consisting of polynucleotides, polypeptides, polysaccharides, oligonucleotides, and mononucleotides; and a single reactive function from the group consisting of an amino group, a mercapto group, a chloroacetyl group, an isocyanate group, an isothiocyanate group, a carboxylic acid group, an N-hydroxysuccinamide group; and a carbonyl chloride group. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Art Unit: 1632

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
